Re:

FCC ID: **XMHQP-650V1**

Applicant:

Quantun Electronics, LLC

Subject: justification letter for expanded frequency range 136 – 174 MHz

To Whom It May Concern:

You have asked the applicant for justification to have the 136 – 174 MHz freq range appear on the face of the FCC Grant of Certification for a Part 90 Certification. This frequency range contains frequencies regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification. And it is a violation of FCC rules if this device is operated on unauthorized frequencies inside the U.S.A”

(1) The applicant plans to ensure that USA users, other than those specifically identified in this letter, not operate within bands which are not allowed by the Part 90, as controlled by the users’ FCC station license.

(2) This device will not be marketed to USA users, other than those identified in the letter, namely the US Government and its various departments & military, for operation in frequency range out of Part 90

Sincerely,
